

Real-time Visibility

| RFID-enabled Applications for Aerospace & Defense

Reference Guide

This guide illustrates specific areas where Aerospace OEMs, Suppliers, MRO providers and Defense Contractors can quickly and cost-effectively RFID-enable their operations, using a complex value chain as an example.

Omni-ID is the leading supplier of passive, low-profile UHF RFID solutions. Through our patented technology, Omni-ID “cracked the code” to overcome the problems traditionally associated with RFID, enabling a broad range of new applications that improve accuracy and efficiency in asset tracking, supply chain management and work-in-process.

Our family of versatile RFID tags works reliably in the harshest environments, including on, off, and near metal and liquids and excels in solving tracking and identification challenges with unprecedented accuracy.

With offices in the USA, UK, Asia and India backed up by a purpose-built manufacturing facility in China, our mission is to drive the widespread adoption of RFID and wider IoT technologies as the optimal tracking and identification devices.

Omni-ID's global presence:

USA Office:

333 West Commercial Street
Suite 333-1500
East Rochester
New York 14445
